THE ARMY REVOLTS

Republic of Colombia in The Hands of The Revolutionists.

IMPRISON THE AUTHORITIES

They Take Possession of Bogota and Proclaim Gonzales Valencia as President—Martial Law is Declared.

(By Wire to the Morning Star.)

Bogota, Colombia, July 7.—A portion of the army stationed at Barranquilla took up arms on Sunday last against the Colombian government, made prisoners of the municipal authorities and proclaimed Gonzales Valencia president. General Jorge Holguin, acting president, was strongly denounced and the Genmarie were driven out of the city, later arriving at Cartagena. The revolutionists took possession of the town and several steamers on Magdalena river.

General Holguin has declared martial law. Gonzales Valencia has disavowed the rising and is coming to Bogota, with the acquiescence of the Government.

According to advices here the disturbance is confined to Barranquilla. Officials say the rest of the country is at peace and that the people desire peace; that Congress may meet on July 20 and settle many important pending questions.

General Perdomo will leave Honda tomorrow with six steamers, having on board 3,000 men and 20 pieces of artillery, the objective point being Barranquilla.

Colon, July 7.—A revolution has broken out in the Republic of Colombia, apparently against the Government of President Reyes, who is now in London.

This news was brought into Colon by the British steamer Median, just arrived from Savanilla. Barranquilla and its seaport, Savanilla, 17 miles away, are in the hands of the revolutionists.

MARRIAGE AT CLINTON.

Rev. Walter R. Noe Claims Bride—Ordination Service by Bishop.

(Special Star Telegram.)

Clinton, N. C., July 7.—Rev. Walter R. Noe, rector of St. Paul's Episcopal church here, and Miss Sallie London Partrick, daughter of Mr. and Mrs. Theodore H. Partrick, of this place, were married in St. Paul's church at 2 o'clock this afternoon. The impressive marriage was performed by Rev. T. P. Noe, of Wilmington, brother of the groom. The wedding march was played by Mrs. James K. Morrisey and the bridal chorus was sung by a quartette composed of Mrs. Pocahontas Bumgardner, Miss Annie Beaman, Mr. Harry Stewart, and Rev. T. M. Lee. Miss Annie Laurie Partrick was maid of honor and Rev. Alexander Noe was best man. The church was filled to its capacity by friends, many of whom were from a distance. The bride and groom left on the 3 o'clock train for Wrightsville and other places.

At an ordination service held in St. Paul's church this morning Rev. Walter R. Noe, who has been rector of this church, and his brother, Alexander C. D. Noe, were consecrated to the priesthood by Bishop Strange, assisted by Rev. J. G. Buskie, of Goldsboro, and Rev. T. P. Noe, of Wilmington, the latter preaching the ordination sermon.

OUTLINES.

The second day of the celebration at Plattsburg, N. Y., commemorating the discovery of Lake Champlain, was marked by speeches by prominent Americans and foreign representatives and there was a magnificent parade consisting of American and Canadian troops——Thirteen battleships in war paint, are assembled at Rockport, Mass., and when joined by a number of other warships, will constitute in its Summer maneuvers, the most formidable squadron ever seen in American waters——In the United States Senate yesterday, rapid progress was made on the tariff bill, all Democratic and Insurgent amendments having promptly been voted down. The bill will be voted on as a whole this afternoon——In Africa yesterday former President Roosevelt killed a lioness and a full maned lion in full charge upon him——In a speech in Paducah, Ky., yesterday Attorney General Wickersham declared that Congress should control all organizations doing an inter-State business——New York markets: Money on call easy 1 1-2 to 1 7-8 per cent., ruling rate 1 7-8, closing bid 1 3-4, offered at 1 7-8. DECISION AGAINST WABASH

Railroad Will be Compelled to Pay $900,000 Old Bonds—Appeal is Taken to Supreme Court.

Library of Congress

(By Wire to the Morning Star.)

Cincinnati, O., July 7.—By a decision of the United States Court of Appeals today the Wabash Railway will be compelled to pay $900,000 which is the amount of the principal and compound interest on $150,000 of bonds issued by the road in 1870 and bought by Henry L. Compton of Toledo.

The bonds were part of an issue of $600,000 equipment bonds made by the Old Toledo and Wabash Railway Company in 1862.

Compton has been dead several years and his widow, Mrs. Elleben Compton, has continued the suit, although it is said that the real owners of the bonds at present is a firm of Wall Street brokers.

Compton received judgment against the road in the Ohio Supreme Court. The road took the case to the Supreme Court of the United States, which held that Compton had the right to sell property of the road in Ohio to compel payment of his judgment. The road has since been fighting on the theory that the profits of the Ohio portion of the road at the time the original suit was filed were not sufficient to meet the payment of this bond issue.

The holders of the remainder of the one million dollar issue of bonds will not be able to collect a cent, owing to the fact that they failed to legally perfect their liens years ago.

The Adelbert College of the Western Reserve of Ohio, together with others in St. Louis and New York holding $400,000 of the bonds obtained from the Ohio Supreme Court in 1906 a decision that Compton must divide with them proportionately any proceeds of a sale of the road on his lien. The Wabash Road carried this case to the United States Supreme Court and this time set up the defense that the Ohio Courts had no jurisdiction in the case, and the road was sustained. This now leaves holders of $400,000 of bonds without power to collect a cent.

WAYLAID AND KILLED.

Citizen of Americus, Ga., Shot by Negro—Fear of Lynching.

(By Wire to the Morning Star.)

Americus, Ga., July 7.—W. F. McRee, superintendent of the Bagley Ray Orchard Co., here, was assinated at an early hour this morning. Henry Patterson, a negro employe, charged with the crime, is being hunted by a posse. McCree was waylaid and shot at close range, two charges of buckshot entering his neck. McRee formerly resided in Macon. He is survived by a wife and one child.

The negro Patterson was captured late this afternoon about four miles from town. He confessed the crime and it was with difficulty that a lynching was prevented. He is in the Americus jail.

Plans have been completed whereby an endowment of $500,000 for the benefit of deaconesses affiliated with the Methodist Association is to be established in Chicago. The founder of the endowment, Norman W. Harris, a Chicago banker, has given the first $100,000 toward the fund.

DERAILED IN THE FLOOD

Passenger Train on Santa Fe Railroad Leaves the Tracks and Two Persons Are Injured—Swollen Rivers Cause Trouble.

(By Wire to the Morning Star.)

Kansas City, Mo., July 7.—Swollen by unprecedented rains, Missouri valley rivers today left their banks and caused damaging floods in many parts of Missouri and Kansas. The most spectacular accident due to the flood was the derailing in a flooded plain of the Atchison, Topeka & Santa Fe passenger train bound from Kansas City to Denver. Although the overturned day coaches were empty, a telephone message tonight reports that Laura St. Clair, of Boston, suffered a wrenched back, and Nannie St. Clair, a sister, sustained bruises and cuts.

Pomona is almost inundated, the Marias Des Cygnes river at that point being three miles wide.

In Kansas City the situation is threatening, if not yet serious. In the bottoms in the western section, where are situated the stock yards, wholesale warehouses and manufacturing plants, the waters from the confluence of the Missouri and Kansas rivers tonight are lapping the danger line.

At Chillicothe, Mo., on the Grand river, six men were swept from a bridge today. Whether they reached land safely was not learned. Hundreds of people at Chillicothe were forced to leave their homes.

At Pattonsburg, Mo., a thousand persons were imprisoned on roofs or in second stories for hours. Life boats and supplies were rushed there from nearby towns, but it was difficut to cross the two miles of swirling water between the marooned residents and dry land. A man was carried away by the current in the main street and drowned.

WILL VOTE ON TARIFF

Senate Expects to Pass Aldrich Bill This Afternoon.

PARTY LINES WILL BE DRAWN

Democrats Will Vote Against Measure As Whole and Republicans Will Support It—All Amendments Voted Down Yesterday.

(By Wire to the Morning Star.)

Washington, D. C., July 7.—With a general understanding that the final vote in the Senate on the tariff bill should be taken by 4 o'clock tomorrow afternoon, the Senate adjourned at 7 o'clock this evening in pleasant anticipation of the early conclusion of the labors of the special session of Congress.

Because of the possible effect on the tobacco schedule, there was no effort to obtain formal assent in open Senate to the proposition to fix a time for a vote.

The day was a busy one, and the prospect is that tomorrow will be equally so. It is expected that the bill will receive practically all the Republican votes, while it is understood that probably all of the Democratic votes, with the exception of that of Senator McEnery, of Louisiana, will be cast against it.

When passed, the measure will be hurried over to the House as expeditiously as possible. It is expected the House will be in session Friday morning in the hope of receiving it.

The income tax question, including the corporation tax provision and inheritance taxes received much attention, and the straight income taxers were afforded the opportunity upon which they have so long insisted to get a direct vote in favor of the income tax as opposed to the corporation tax.

Senator Bailey moved his income tax amendment as a substitute for the Finance Committee's provision. A vote was taken upon it, and it was rejected by a majority of 19, the ballot standing 28 to 47.

With the corporation tax provision thus established, as a part of the tariff bill, there was considerable effort to amend it. In one notable case this effort was successful. Senator Clapp, of Minn., who has been a severe critic of the provision ever since its introduction because it excluded "holding" companies, renewed his criticism today and was supported by other Senators. The result was the acceptance of an amendment by Mr. Clapp striking out the exemption of such companies. Assurance was also given that every effort would be made to retain the amendment in conference.

Senator Daniel offered a new plan for taxing corporations with gross incomes above $300,000 at the rate of 1-4 of one per cent. upon their gross incomes. Referring lightly to the "pretended weariness" of the Rhode Island Senator he described him as a "wise rad" at whose sign "Insurgents marched with tread of Roman soldiers to bring him victory."

Mr. Daniel continued to speak on various phases of the amendment until 11 o'clock when, by previous agreement, the Vice President announced adjournment.

Next to the income tax, the discussion of the customs court was the big feature of the day's work. The court was attacked as in the interest of the cities in which it would sit and of the Government and as opposed to the interests of the importers.

While the court provision was under consideration Senator Dolliver read a letter from United States Judge Lacombe, of New York, stating that the Federal Courts were not overcrowded and could handle the customs business without becoming congested.

Immediately after that, Mr. Aldrich read another letter under date of July 22, 1908, signed by Judge Lacombe, and other New York Federal Judges, in which it was stated that if the customs cases were to be appealed to the United States Court of Appeals their dockets would become very much crowded.

The debate over the court provision resulted in the maintenance of the Finance committee's provision.

Senator LaFollette today indicated a disposition to ask to have the whole bill held up until he could go through it and select the provisions to which he desired to offer amendments. He was, however, persuaded to desist from this course.

The reserved amendments, presented in order, went down one after another before the onslaughts of the thoroughly organized Finance Committee. Senator Bulkeley obtained a reduction of the duty on cheap watch dials, and the committee also permitted a provision for the free admission of machines used for the spreading of tar and oil on streets and roads.

The tobacco tax provision will be the principal subject of consideration tomorrow. There is a bare possibility that complications may arise over this provision which will delay the hour of the passage of the bill, but the optimists expects a firm conviction to the contrary.

It has been decided that the Senate

NATIONS IN HARMONY

Peaceful Relations Expressed at Lake Champlain Celebration.

NEW YORK SHARED IN DAY

United States, France and Great Britain Take Equal Part in Tercentinary Celebration—Taft and Hughes Spoke.

(By Wire to the Morning Star.)

Plattsburg, N. Y., July 7—New York State's share in the tercentinary celebration of the discovery of Lake Champlain reached its climax today. Tomorrow the scenes of pageantry, the parades, the speechmaking, the interchange of compliments among the three nations of France, Great Britain and the United States, who shared in the history making of the Champlain country, will all be transferred across the lake to Vermont, and Burlington will have its fling.

President Taft, Ambassador Jusserand, of France, and Bryce, of Great Britain, with Governors Hughes and Prouty, again today occupied the center of the celebration stage. Postmaster General Lemiex, of Canada, also spoke at the barracks, and with Senator Root and the others again tonight at the banquet.

Mr. Lemieux and Ambassador Jusserand each took President Taft for a subject and in their remarks gave him equal prominence with Champlain.

"The spirit and all that was best in Champlain," declared Mr. Jusserand, "lives again in President Taft. And there is a people in a distant archipelago who know it and feel it and who for centuries will bless his name."

Canada had a large share in today's celebration and on the American military reservation at Plattsburg barracks this afternoon there was a parade of American and Canadian troops. A regiment of Highlanders in characteristic scarlet coats, furry hats, kilts, from Ottawa, and another regiment, the Governor General's Foot Guards, also from Ottawa, in uniform of almost equal brilliancy, participated in the military display. Two regiments and a squadron of cavalry from the United States forces and a regiment of the New York National Guard —all in modest blue—formed the contrast for the vivid color of the foreigners.

Governor Hughes and President Taft were much together today and on each speechmaking occasion they exchanged many compliments.

At the ceremonies at Plattsburg Barracks, Governor Hughes spoke first and was followed in turn by Governor Prouty, Ambassador Jusserand, Ambassador Bryce, Postmaster General Lemieux, Senator Root and President Taft. Mr. Jusserand delivered a part of his address in French. Mr. Bryce again today expressed the hope that celebrations a hundred years hence would be to commemorate the beginning in this generation of prolonged friendship and good feeling between the nations which were once divided by hatred.

President Taft said: "I wish to congratulate you upon having listened to such a great address which Senator Root has given us here in his discriminating historic sense and with the eloquence of words that I am sure we shall be glad to read over and over again.

"I am delighted to say that for 16 years I have spent most of my Summers in Canada and I have learned that North of us is a great and rising people, a people bound to be prosperous, bound to be great and whose prosperity and greatness I know that Americans are great enough not to be jealous of, but to welcome.

"I congratulate you, my friends, most heartily on the success of these celebrations and memorials that bring out such good neighborhood feeling, that bring out such pride in our ancestry, that fill us with a knowledge of history, and that hold high before us the ideals which it is right for nations and people to feel."

JOYNER A CANDIDATE

For the Presidency of National Educational Association.

(By Wire to the Morning Star.)

Denver, Colo., July 7.—Delegates to the National Education Association today heard some sharp criticisms of teachers. Henry G. Williams, dean of the State Normal School at Athens, Ohio, speaking of teachers in country schools said:

"There are some rural teachers who don't know the A. B. C. of education, yet they are call 'professors,' as is the corn doctor or the dog trainer."

J. Y. Joyner, Superintendent of the North Carolina Schools, was announced today as a candidate for President of the Association in opposition to Ben. Blewitt. Superintendent of Schools of St. Louis and J. H. Phillips, Superintendent of Schools of Birmingham, Ala.

STRIKERS GROW VIOLENT

Twelve Workmen Are Injured in Riots of Miners at Glace Bay—Mayor Refuses to Order Out the Troops—Situation.

(By Wire to the Morning Star.)

Glace Bay, B. C., July 7.—Riotous scenes at the collieries, an assault on General Manager Duggan, the reading of the riot act, the injury of several workmen, 12 arrests, and the refusal of Mayor Douglas, of Glace Bay, to call out the troops at the request of the company, were the special features that marked the second day of the strike of the United Mine Workers of America in the employ of the Dominion Coal Company.

The strike assumed a violent form at Nos. 2 and 3 mines early in the day, as soon as the first men appeared for work. An enormous crowd assembled at the former waiting for the men who were expected to go to work When the first man appeared a riot started. General Manager Duggan and a posse of police charged the crowd. Mr. Duggan was slightly wounded and several women and children were knocked down and a number were injured.

The entrance to the colliery was finally cleared, and the rest of the workmen loyal to the company were allowed to go to work. Twelve persons were placed under arrest, charged with a breach of the peace, and the riot act was read.

At colliery No. 3 tonight the strikers are in charge of the situation. There a mob, assisted by women and children ,attacked the men who wanted to work and prevented all but a few from entering the mine.

At the Caledonia colliery about 500 strikers assembled in front of the main gate, and all who came through the crowd to go to work were jeered, stoned and chased.

During the day 2,000 strikers surrounded the jail in which the prisoners arrested this morning are confined and it was thought an attempt would be made to release the men. This, however, did not occur.

General Manager Duggan has appealed to the town of Glace Bay and Dominion, and the municipality of Cape Breton for protection for his men and property and each of the towns have sworn in special constables. The Royal Canadian regiment stationed at Halifax is ready to leave Glace Bay at a moment's notice.

Today collieries Nos. 2, 3 and 6 and the Hub Mine were idle.

STATE BOARD OF ELECTIONS.

Appointments Announced Yesterday by Governor Kitchin—Organization.

(Special Star Telegram.)

aRleigh, N. C., July 7.—Appointment of members of the State Board of Elections is announced by Governor Kitchin as follows: Col. Wilson G. Lamb, Williamston; J. D. Elliott, Hickory; J. C. Clifford, Dunn; A. B. Freeman, Hendersonville; Clarence Call, Wilkesboro. The two last named are Republicans and the first three Democrats. J. D. Elliott takes the place of R. T. Claywell, Morganton, and Mr. Clifford succeeds R. L. Smith, of Stanly. Col. Lamb will be re-elected chairman, R. T. Claywell was secretary of the former board, and it is expected Mr. Clifford will succeed him.

ASHEVILLE CONVENTIONS

Rain Interferred With Events of Hardware Association and Firemen's Tournament—Hose Wagon Race Won by Raleigh.

(Special Star Telegram.)

Asheville, N. C., July 7.—Both conventions now in session in this city, that of the hardware men and the firemen suffered from the rain which came in heavy showers throughout the day. The hardware men were to go to Overlook park for their sessions this morning but instead they remained at the hotel.

The firemen were to parade at 11 o'clock but instead they waited until noon. More than 500 firemen dressed in gay uniforms and white duck trousers paraded the streets through the large crowds which had thronged all the streets continually cheering the passing laddies.

The hardware men held an executive session this morning and listened to the reports of committees. The main subject of the morning meeting was the question of insurance. While no action was taken in regards to hardware insurance companies yet it was found that many of the members were in favor of it.

The shoot planned for the afternoon was postponed on account of the weather.

At the evening session the principal address was by J. M. Sullivan, of Anderson, S. C., on the subject of railroads with especial emphasis upon the question of rate legislation. He urged the influence of the members to secure just laws. The other part of the programme was the question box which considered the question of selling goods at cost for advertising purposes. The matter was discussed freely.

Fayetteville, N. C., July 7.—Fayetteville and Wilmington played eight innings to a standstill, score one to one, this afternoon, the game being called at the end of the eighth to allow the Wilmington team to catch a train. Both Ashton and Muir were in fine form. Ashton yielded only two hits while Muir allowed but four.

The feature of the contest was Schumaker's brilliant catch of a foul from Sharp's bat in the fourth inning. After a pretty run he went into the fence, turned a somersault over an obstruction but held the ball. It was the most spectacular performance ever pulled off on the local grounds. Several possible scores for Sailors were nipped by Galvin's pegging. Nichols scored in the first on Dobson's error, Smith's out and Brodie's single after Galvin had caught Hemp off third. The Highlanders tallied in the second when McKernan singled and scored on a sacrifice infield out and Hemp's error. Kelly's umpiring was farcical.

Wilson Takes Doubleheader.

Wilson, N. C., July 7.—Wilson took both games of the doubleheader here this afternoon, the first game 6 to 4, and the latter 3 to 0.

In the first inning of the first game, Wilson's new pitcher, Buckingham, seemed to be asleep in the box, allowing two hits which coupled by listless fielding by the locals, allowed three to cross the plate. In the last half of the third inning the Tobacconists took on new life when Waymack forced Holt home on walks, the bases being full. Yerkes knocked a long fly to center and Buckingham scored from the third and on wild throw by Walsh Moore crossed the plate, tieing the score.

Nothing more was chalked up for the visitors but one run, one hit and one error, but in the last half of the sixth the locals had another bunch of three runs. Score:

Rocky Mount ...300 000 001—4 4 1
Wilson .....003 003 00x—6 8 3

Waymack, O'Gara and Walsh; Buckingham and Holt; time 1:35.

In the second game the visitors were shut out. The features were the beautiful left hand catch of Yerkes in the seventh, and one for Lambert for the visitors in the 8th. Score:

All Day Affair at Raleigh.

Raleigh, N. C., July 7.—One fifteen inning game with the score 1 to 0 in Goldsboro's favor and a second seven inning game in which Raleigh won 2 to 0 was the result of the doubleheader here this afternoon. No better playing has been seen here this season.

SURE BASES OF A GREATER SOUTH.

Mr. G. Grosvenor Dawe, managing director of the Southern Commercial Congress, delivered a notable speech on Wednesday before the meeting of the Southern Commercial Secretaries' Association, which met this week in Atlanta. His speech consisted largely of statistics, and they were anything else than dry statistics, in order to prove the potential greatness of the Southern States. In his address he made good in every particular, and were it possible to present his admirable and exhaustive address in full, it would make an astounding showing for the South.

In the first place, Mr. Dawe demonstrated the coast line pre-eminence of the South. Thus in his address he says:

"Viewed from the point of coastline, it is well to understand that the Southern States possess an enormous advantage over the other two-thirds of the United States; for the coast line of the Southern States is 3,007 miles, while the coast line of the North Atlantic States is 888; of the Pacific coast 1,557 miles. The natural advantages of coast line are already asserting their influence; for we are able to say that a Southern port still holds the second position for exports among all the ports of the United States—New Orleans, in 1900, and now a Southern port that nine years ago was wrecked and rent by storm—the port of Galveston."

Then comes the following Government statistics showing the value of exports from Southern ports handling over $1,000,000 a year:

	1908	1900
Baltimore	$89,988,505	$115,530,378
Brunswick	12,397,838	7,373,487
Charleston	2,510,965	7,151,720
Fernandina	8,659,118	2,588,808
Newp't News	8,365,885	34,758,323
Norfolk and Portsmouth	12,534,632	13,112,096
Savannah	61,695,330	38,251,981
Wilmington	30,291,681	10,975,511
Galveston	161,352,201	85,657,524
Mobile	27,983,997	13,206,334
New Orleans	159,455,773	115,858,764
Pearl River	7,755,843	1,687,863
Pensacola	20,333,978	14,413,522
Sabine	12,964,644	
St. Marks	1,945,144	6,300
Tampa	3,776,609	1,457,255
Corpus Christi	11,158,277	6,205,430
	$633,170,520	$468,235,296
Increase in eight years, Per cent of gain, 34.		$164,935,224.
Boston	$96,051,068	$112,195,555
Philadelphia	109,261,436	78,406,031
New York	701,062,913	518,834,471
	$906,375,417	$709,436,057
Increase in eight years, Per cent. of gain, 27.		$196,939,360.

Be careful to look at the position which Wilmington occupies in that export table. Even including the port of Baltimore, it will be seen that Wilmington is the fifth exporting point in the South ,and strictly speaking it is the fourth cotton exporting point in America. The order is as follows: Galveston, New Orleans, Savannah, Wilmington. But speaking of the per centage of increase in exports, in eight years, note that Wilmington's increase was from $10,975,511 in 1900, to $30,291,681 in 1908! Percentage of gain for Wilmington—nearly 300 per cent. Particular attention should also be taken of the fact that as to export business, Wilmington's exports in 1908 were about 14 times greater than those of Charleston, and more than twice as great as those of Norfolk and Portsmouth combined. Figure for yourself and you will ascertain that Wilmington's export business was larger than that of Charleston, Norfolk, Portsmouth and Newport News combined. We have drifted away from the subject to some extent in order to show the importance of Wilmington as one of the principal export points in the United States, and to emphasize the claims of this port upon Congress for waterway and harbor improvements commensurate with the growth of our exports and to meet the pressing needs of the future.

However, to go back to Mr. Dawe's claims to prove the potential greatness of the South. He shows that in eight years the import business of Wilmington increased about 800 per cent., and the imports of the principal Southern ports increased 102 per cent. in eight years compared to 27 per cent. for the combined big ports of Boston, Philadelphia and New York. This showing fully justifies these remarks of Mr. Dawe:

"Is it not fair to claim that the Southern States, by reason of their coast line, are bound to occupy a vastly important relation to the future of the United States in the commerce of the world? When we consider also that all this swing of commerce is taking place prior to the completion of the Panama Canal and that the Panama Canal will help to pull southward every interoceanic movement, you must realize that the Southern ports will be on the very front door step of the world's future commerce, with South America and the Pacific—by reason of their nearness—peculiarly available for their growth."

Mr. Dawe also shows that of the 26,410 mileage of navigable streams in the United States the South's share is 18,215 miles. He also shows that the South leads in mineral resources all other portions of the United States, leads in agricultural production, in forest area, and in other respects, while lands in this country of immense resources and greatest promise are cheaper than in any other section of America.

The Star predicts that the development of the South in the next decade will be one of the world's wonders. Come South, young man—you and all your family.

TO TEST NEAR-BEER TAX.

In Charlotte the board of Aldermen has fixed $1,000 a year as the license tax for selling near-beer and such drinks containing a percentage of alcohol less than is prohibited by the State-wide prohibition act of the General Assembly now in force in North Carolina. Charlotte's big tax was even prohibitory of the sale of the "near" class of drinks and no dealer up to now has applied for license. It is to be inferred, however, that a test is to be made to overthrow Charlotte's $1,000 license, probably on the ground that it is unreasonable, exhorbitant and unconstitutional. We draw this inference from the following which appeared in yesterday's Charlotte Observer:

"Mr. J. Danneberg, the near-beer dealer, opened his stand yesterday on West Trade street, No. 215, without taking out the $1,000 license tax prescribed by the board of aldermen and he had a busy day. It is understood that an officer of the law abode by the place a good part of the day and took down the names of those who made purchases of the liquid stuff and summoned them to court. It is, therefore, presumable that Mr. Danneberg, will be arrested today and given the opportunity of contesting the validity of such a license tax."

Speaking of near-beer license taxes, Salisbury has fixed the license price at $300 a year and five dealers have taken out license. Asheville fixed the license tax at $500 a year and a number of dealers have taken out license. The Asheville Citizen thus playfully remarks upon the situation:

"Today marks a new era in the history of the near-beer depots. To quote the classic words of the new ordinance over which oratory, religious and otherwise, was heard for several hours the other night, it is rather a new era for 'Cubanade,' '23,' 'near-beer,' 'Not It but Near It,' and all such concoctions which are possible under the prohibition regime in force here in the State.

"The 'near-beer,' the '23,' the 'not it,' etc., will now be sold so that the passer-by on the street without the necessary wherewithal to enjoy the contents of a cold bottle of the aforementioned concoction can watch with longing eyes and terrible thirst the 'suds' with no screen between him and the world. The vision is to be unimpaired, and the longing, therefore, according to the 47th rule of Euclid—or somebody else—will be increased in geometrical ratio—with unattainability of the schooner.

"There is another advantage they say, in this removal of screens and one which was overlooked in the long list of them presented Friday night. The man inside can watch what is going on outside and count the number of men who would like to be inside looking outside rather than outside looking inside.

'Many of the dealers went on Saturday morning and paid the privilege tax and the receipts were soon tacked to the wall. No one of them seemed dissatisfied with the ordinance or expressed himself as intending to fight it in the courts."

"Always look ahead" advises a latter day sage. We reject the admonition. By looking ahead a man can steer clear of a telephone pole, but by looking around he can see about all that is happening and not get left on any sights worth seeing. This is why rubber-necking beats looking ahead.

A man has petitioned to be released from the penitentiary so he can perfect a perpetual motion machine. Lawyers probably have told his family by this time that this is good evidence upon which they can get the convict out on a plea of "confusional insanity."

Senator Aldrich may get his tariff bill through all right but he has taken great chances of being able to live down the impression that he is more or less intentionally or incidentally crooked in his protection proclivities.

Magnate E. H. Harriman continues to grow better and expects to return from Europe fully restored to health. This is fair warning that if you have any railroads lying around loose you'd better watch out.

A Maine paper says "lobsters are so plentiful on the Maine beaches that they pinch the girls' toes while they are in bathing." Well, they shouldn't let the lobsters go in bathing with them.

The poets that are born take to verse and the near poets to the reverse.

"To what should we most apply the word capricious?" queries an exchange. We know but we certainly are not going to say the least thing that will cast any reflection whatsoever upon our gallantry.

Indiana reformers are going around trying to prove that baseball is a crime. It certainly is if the home team doesn't steal more bases than the other teams.

CURRENT COMMENT.

—Senator Overman made a fine stroke yesterday when he succeeded in having his amendment providing for a drawback on cotton ties adopted by the Senate. No Democratic Senator has fared any better in this tariff debate than Senator Overman.—Salisbury Post.

——This is much too severe on the Louisianians. They have not gone beyond Democrats from other Southern State except in gratitude and the full courage of convictions. Asking protection for the principal industry of their own State, they have voted protection in return to the industries of other States. Why not? Besides, they are not the first Louisiana Democrats to take that position in Congress. Sugar has always colored—Dutch colored, if you please—the tariff views and votes of the people of the State of both parties. And, with either party in power, sugar has always been remembered in the day of tariff revision.—Washington tSar.

—Some papers say the reason the corporation tax was adopted is because the Taft administration wishes to control all corporations. They seem to forget that in the campaign Mr. Taft declared, "Was opposed, both in theory and practice, to the Federal control of all corporations, or even of those doing an inter-State business." They evidently think Mr. Taft believes campaign promises were made to get in on and not to keep. * * * During the last campaign Mr. Taft criticised the Democratic demand for an income tax and declared "in my judgment an amendment to the Constitution for an income tax is not necessary." The Republican Senate submits an amendment to the Constitution for the Democratic income tax, which his party leaders say is necessary.—Raleigh News and Observer.

COLORED SUMMER SCHOOL.

Now in Session With A. & M. College at Greensboro—Attendance.

(Special Star Correspondence.)

Greensboro, N. C., July 5.—The North Carolina Summer School for colored teachers is being held at the A. & M. College at Greensboro. This is the 10th annual session and the attendance and work far exceed those of previous sessions. A far greater variety of work is being done and a much larger area of territory is being covered, not only from many sections of North Carolina, but representatives from South Carolina are in attendance. Superintendent Swift, of Greensboro Public School, says in the Greensboro Telegram that the enrollment has reached nearly 125 and that the average for the two weeks in which he has been engaged in the Summer school is much higher than that of the last two years, and that the actual work of the teachers is fully 30 per cent. better. Superintendent Foust also expresses himself as noting a great improvement in the Summer school and expresses himself most hopeful for the future growth and influence of this institution.

The authorities of the college are much pleased with the increased interest that is being taken in the Summer school and President Dudley has announced important improvements to be made in 1910. He is anxious to get the co-operation of the teachers of the State in making the Summer school a strong factor in the improvement of the schools of North Carolina and equally a creditable institution that will attract the attention of others beyond he borders of the State to the active work of the teachers and the increasing efficiency of the schools.

Sees Mother Grow Young.

"It would be hard to overstate the wonderful change in my mother since she began to use Electric Bitters," writes Mrs. W. L. Gilpatrick of Danforth, Me. "Although past 70 she seems really to be growing young again. She suffered untold misery from dyspepsia for 20 years. At last she could neither eat, drink nor sleep. Doctors gave her up and all remedies failed till Electric Bitters worked such wonders for her health." They invigorate all vital organs, cure Liver and Kidney troubles, induce sleep, impart strength and appetite. Only 50c at R. R. Bellamy's.

Poor, Foolish Woman!

Think of her attempting to make ice cream in the old disappointing way! With JELL-O ICE CREAM Powder she can make the most delicious ice cream in ten minutes, freezing and all, at a cost of about one cent a dish —*and never go near the stove.*

Your grocer will tell you all about it, or you can get a book from the Genesee Pure Food Co., Le Roy, N. Y., if you will write them.

Grocers sell Jell-O Ice Cream Powder, two packages for 25 cents.

COTTON MILLS OF THE SOUTH

Nearly Seventeen Million Dollars in Additional Equipment First Half of The Year—Other Enterprises in The South.

(Special Star Correspondence.)

Baltimore, Md., July 1.—Announcements of definite plans for an expenditure of nearly $17,000,000 upon additions to the cotton mills of the South have been made during the first half of this year according to the Manufacturers' Record.

In the first three months the announcements were of 268,880 spindles and 5,300 looms to be installed, representing an investment of nearly $7,000,000, and most of them were for additions to the facilities of established enterprises. That record practically doubled the record of the same period in 1908. In the second quarter ended with June the total announced installations rose to 389,121 spindles and 7,480 looms, which represent an investment of nearly $10,000,000. Of the total for the second quarter, 208,500 spindles and 4,630 looms will be installed by eleven new companies, and all but five of these new companies have been organized by men who have been practical cotton manufacturers and have been interested in established mills for some years. Five companies organized by men new to the industry will install a total of 41,300 spindles and 780 looms, which will cost about $1,000,000. Therefore, about $9,000,000 of the total $10,000,000 to be invested in undertakings announced during the second quarter of the year represent the faith in the future of cotton manufacturing in the South held by experienced men acquainted with its advantages.

Briefly stated, the most important and largest propositions of the second quarter of this year were as follows: Columbus Manufacturing Co., Columbus, Ga., adding 20,000 spindles and 600 looms; Efird Manufacturing Co., Albemarle, N. C., adding 15,000 spindles; Wiscasset Mills Co., Albemarle, N. C., adding 25,000 spindles; Locke Cotton Mills, Concord, N. C., adding 12,000 spindles; Arcadia Mills, Arcadia, S. C., adding 10,000 spindles and 250 looms; Eureka Cotton Mills, Chester, S. C., adding 10,000 spindles and 450 looms; Newberry Cotton Mills, Newberry, S. C., adding 10,000 spindles and 300 looms; Beaumont Manufacturing Co., Spartanburg, S. C., adding 16,000 spindles and 350 looms; Patterson Mills Co., Roanoke Rapid, N. C., to install 22,000 spindles and 750 looms; Castle Cotton Mills, Ltd., Knoxville, Tenn., planned for 100,000 spindles and 2,400 looms.

Other important general announcements of the week included the following: The Jackson Lumber Co., Asheville, N. C., incorporated with capital of $700,000 by New York and Philadelphia capitalists and purchased 51,000 acres of timber land in North Carolina. The Hitchman-Glendale Consolidated Coal Co., Wheeling, W. Va., incorporated with capital of $2,000,000. A. H. Richardson, Ansonville, N. C., plans an investment of $700,000 to build a waterpower-electric plant for transmitting 6,000 horse power. B. F. Avery & Sons, plow manufacturers, Louisville, Ky., invited bids for erecting 11 buildings with a total floor area of nearly ten acres, for their new plant. The West Virginia and iPttsburg Sand Co., Berkeley Springs, W. Va., was incorporated with a capital stock of $125,000. The Carolina Paper Pulp. Co., Newbern, N. C., announced its plan for enlargements to cost $350,000. The L. Banks Holt Manufacturing Co., cotton goods, Graham, N. C., was incorporated with a capital stock of $1,000,000. The White Ashe Coal Co., Williamson, W. Va., was incorporated with a capital stock of $100,000. Archibald Meldrum, Zebulon, N. C., will form a $1,500,000 company to operate oil mills mills and a refinery. The Lockport Central Sugar Refining Co., Laforche, La., was incorporated with a capital stock of $400,000. The Busche-Everett Co., of St. Louis, will organize the Mississippi Valley Gas, Oil and Pipe Line Co., to undertake its extensive plans for piping natural gas from the Caddo oil fields in Louisiana to New Orleans, Memphis, St. Louis and other cities which will involve an aggregate cost of many millions of dollars. The Calhoun Mills, Calhoun Falls, S. C., will add 10,240 spindles and 250 looms. The Banna Manufacturing Co., Goldville, S. C., will add 4,096 spindles and 250 looms.

(Special Star Correspondence.)

Ivanhoe, N. C., July 6.—This community was shocked and saddened this morning at the news of the sudden death of Mr. J. T. Marshburn, which occurred at an early hour of heart dropsy with which he was attacked only a few months ago. He was a splendid citizen, tender-hearted and true. He was 67 years of age and leaves a wife, five children, three sisters and one brother to mourn the loss of a tender husband, father and brother. The sympathy of the community goes out to the sorrowing ones in this hour of their grief.

LEGAL QUESTION RAISED.

J. E. Russ Tried Here for Offense Alleged in Columbus.

In magisterial circles here yesterday afternoon there arose an interesting legal question as to whether a magistrate in this county could lawfully try a defendant for a crime committed in another county, although the warrant for the arrest of the defendant was sworn out before a New Hanover Justice of the Peace. The contention was between Justice Harriss and Justice Bornemann, the latter claiming that the former had no right to try a case from Mt. Tabor, Columbus county, in which J. E. Russ, a well known white man of this city, was the defendant.

Monday Mr. Russ was arrested by Deputy Sheriff Howe on a warrant sworn out before Justice Harriss by K. H. Seals, a special officer of Columbus county, charging that Russ secured $35 from L. M. Stevens, Coast Line agent at Mt. Tabor, through false pretense. Yesterday the officer, accompanied by Mr. Stevens and Mr. Todd, the latter a boarding house keeper of Mt. Tabor, arrived here with a warrant from Columbus county, charging the defendant with failure to pay Mr. Todd a board bill of $20. The warrant was carried to Justice Bornemann, who endorsed it. The defendant was, Justice Harriss contended, in the jurisdiction of his court and he refused to surrender him until the case he held against him was disposed of. Justice Bornemann contended that the prisoner should be turned over to the Columbus officer and that any investigation made in this county by a magistrate of an offense committed in another county was not lawful. Justice Harriss held an opposite view, saying that he could try the case if the prisoner was willing.

Officer Seals, being sworn, stated that he did not have sufficient witnesses here to make out a case against the defendant and the action was dismissed at the cost of the officer. The prisoner was then carried before Justice Bornemann and later turned over to the visiting officer, who will probably take him to Mt. Tabor this morning to be tried for "skipping" his board bill. Lawyers gave it as their opinion that Mr. Russ could not be tried before a Columbus county magistrate on the false pretense charge as the case had been dismissed here for want of sufficient evidence.

It seems that Mr. Russ worked for the Coast Line at Mt. Tabor during the busy shipping season. Mr. Stevens claims that he let him have $35 and was given an order on the Coast Line for that amount. When pay day came Mr. Russ collected the entire amount of his salary and Mr. Stevens failed to get his money, he claims. The board bill is said to have been contracted while working at Mt. Tabor for the railroad.

Brooke G. Empie, Esq., appeared for the defendant.

Case Satisfactorily Adjusted.

In Justice Bornemann's court yesterday morning Sarah Boney, colored, brought suit against Emma Brewer, colored, for the recovery of household and kitchen furniture left as a part of the property of John Boney, deceased. The defendant claimed that she was the lawful wife of Boney and was entitled to the possession of the property. The plaintiff, mother of deceased, claimed that her son did not marry the Brewer woman. She employed W. J. Bellamy, Esq., as counsel and the trial was postponed until July 15th. However, during the afternoon the case was settled, the plaintiff taking half of the property and the defendant the other half.

COUNTY BOARD OF EDUCATION

Committee Elected, School Fund Apportioned, Superintendent Catlett Re-elected and Many Other Matters Considered.

In a four hours' adjourned session at the Court House yesterday afternoon the County Board of Education elected the committeemen for the ensuing term, made the semi-annual apportionment of the school fund, re-elected Prof. Washington Catlett county superintendent of public instruction, discussed and passed upon a large number of matters of minor interest and held an important conference with members of the city graded school committees.

The Board met at 3 o'clock with Chairman J. O. Carr presiding and Messrs. W. H. Sprunt and John Hanby in attendance and Prof. Catlett acting as secretary. The first matter to receive attention was the semi-annual apportionment of the school fund. The figures had already been made out which enabled the board to dispose of the matter in a short time. Treasurer H. McL. Green reported $9,431.95 for the school fund, from which amount the city schools had overdrawn $4,142.30, leaving $5,289.65 to be apportioned to the different schools of the county. The last school census showed 7,689 children of school age in the county and the apportionment was made on the basis of 69 cents per capita, distribution being as follows:

Wilmington Township—District No. 1.—$2,007; No. 2, $2,087; total, $4,094.

Cape Fear—District No. 10, $85; No. 12, $85; No. 6, $110; total, $280.

Federal Point—District No. 8, $89; No. 9, $93; total, $182.

Masonboro—District No. 4, $80; No. 3, $85; No. 16, $55; total, $220.

Harnett—District No. 7, $87; No. 13, $86; No. 11 $87; No. 5, $85; No. 14, $87; No. 15, $81.65; total, $513.65.

The special school tax voted some weeks ago will be available for use before it is needed and the schools of the county will run for the full length of time.

The school committeemen for the various districts of the county were elected as follows:

District No. 1.—J. A. Taylor, W. E. Perdew and Samuel Bear.

District No. 2.—Jas. H. Chadbourn, C. W. Worth and John D. Bellamy, Jr.

District No. 3.—W. Hollis, C. W. Bishop and W. G. Fergus.

District No. 4.—J. P. Herring, J. J. Melton, Addison Hewlett.

District No. 5.—Giles W. Westbrook, Walter Taylor and Walter Stokley.

District No. 6.—Richard S. Murray, Geo. W. Johnston and David G. Westbrook.

District No. 7.—D. F. Klein, W. H. Mills and Oscar Pearsall.

District No. 8.—Thos. J. Burnett, Henry Taylor and H. B. Williams.

District No. 9.—Geo. C. Henniker, W. A. Ainsworth and Chas. Hewett.

District No. 10.—W. H. Shearin, Samuel Blossom and W. H. Hand.

District No. 11.—C. H. Alexander, Leon Covell and Chauncey Murray.

District No. 12.—J. H. Johnston, G. W. Trask and C. E. Kerr.

District No. 13.—B. B. Humphrey, Jas. N. Shepard and Jas. L. Gorman.

District No. 14.—J. T. Carraway, J. A. Hewlett and J. F. Baggett.

District No. 15.—Orin Johnston, W. A. Wood and Jos. Thompson.

District No. 16.—Owen Martindale, B. M. Wilson and George R. Tatum.

As will be noted there was very little change in the personnel of the committeemen.

For an hour and a half the members of the board were in conference with Messrs. J. A. Taylor, Samuel Bear and James H. Chadbourn as representatives of the city schools at which a number of matters pertaining to the graded schools were discussed at length, chief among which was with reference to a consolidation of the offices of city and county superintendent to become effective next year. The following resolution, which was adopted by the board in open session, was agreed upon in the conference:

"Whereas, the Board of Education of New Hanover county recognizes the necessity of the strictest economy in the administration of the school system of the county, consistent with the best possible services; and

"Whereas, the said board is of the opinion that the advisability of combining the duties of the office of city superintendent of schools and county superintendent of public instruction should be considered to the end that there may be a saving of expenses, and that every school in the whole county may come under the same supervision;

"Resolved, That the Board of Education of New Hanover county appoint a committee of one to confer with a like committee of one from each of the city districts, Nos. 1 and 2, with the view of combining the duties of the office of superintendent of city schools with those of the county superintendent of public instruction, to become effective one year hence; and said committee of three report to a joint meeting of the board and the committees of Districts No. 1 and 2 to be called by the chairman of the County Board of Education."

After the passage of the above resolution the board unanimously re-elected Prof. Washington Catlett county superintendent, the office which he has held with conspicious ability for a number of years.

Mr. Hanby brought up the matter of building 2 additional recitation rooms at Union School in order to relieve the congested condition there. He also suggested abolishing the domestic science department of the institution and take the two-room building for other purposes. On motion of Mr. Sprunt the chairman and Mr. Hanby were instructed to confer with the committeemen of the school relative to both matters.

It was suggested to the board that eventually schools will have to be established in the northern and southern sections of the city in order to relieve the overcrowded conditions existing at Hemenway and Union. The suggestions were favorably received and will be fully considered later.

The board decided to give each rural school in the county an eight months' term wherever the attendance justifies a change from seven months as now provided. The rural schools will open the first Monday in September and the city schools the first Monday in October. Chairman Carr was authorized to purchase a typewriter for the superintendent's office, to cost $40.

Superintendent Catlett and Mr. Hanby were instructed to make a visit to and inspect the school buildings in the county and make a report to the board.

The board adjourned at 7 o'clock. There are a number of matters to be passed upon before the next regular meeting of the board and a called session will likely be held within the next ten days.

DEATH OF J. W. WESTBROOK

Veteran and Well Known Farmer Died on Harrison Creek Yesterday.

The death of Mr. J. Wesley Westbrook, a Confederate Veteran and well known farmer of Harrison Creek, occurred at his home yesterday morning at 10 o'clock. He had been in declining health for some months, suffering from cancer of the throat. The deceased is well known in the city and many friends here learned of his death with deep regret.

Mr. Westbrook served in the War between the States with great degree of valor and in recent years conducted a farm and kept a store at Hampstead. He was 63 years of age and was highly esteemed by a large concourse of acquaintances. He was a member of Cape Fear Lodge of Odd Fellows, and Linden Grove, of Druids, of this city, and of King Solomon Lodge, of Masons, of Burgaw. Messrs. Linwood D. Latta, M. H. Brimmer, O. O. Mills and W. H. Badon, composing a delegation of Odd Fellows from this city, will attend the funeral today.

Surviving him besides a wife, Mrs. C. Westbrook, are two sisters, Mrs. J. T. Kerr, of Acorn Branch; Mrs. C. W. Futch, of Wilmington, and seven children, Mr. O. W. Westbrook and Mrs. John L. Batts, of Wilmington; Mrs. R. W. Futch and Misses Effie, Carrie, Eva and Lena Westbrook, of Harrison Creek, and Mrs. Zora Ennett, of Baymeade.

The funeral will be held from Harrison Creek church this morning at 10 o'clock, conducted by the pastor, Rev. J. T. Rogers.

POLICE EXCURSION TODAY

Most Important Day in Calendar of City's Finest—Big Crowd.

Today is the day of all days of the year for the members of the city police force, for it is the date of their 16th annual excursion to Carolina Beach, and as this will probably be the last of these pleasant outings the crowd will doubtless be a record-breaker in point of attendance. The city's "finest" have anticipated this event with the keenest pleasure and this one day of the year will be given over by them for fun and frolic, merriment and mirth. Not only will the members of the police department spend today on the delightful beach, but hundreds of others will go down on one or the other of the four trips of the steamer Wilmington and will join the officers in their pleasures.

The feature of the day will be the dinner complimentary to the police by Captain and Mrs. J. W. Harper as has been their custom since the inauguration of the police's annual pilgrimage to the popular resort. The Mayor, members of the Board of Aldermen, Board of Audit and Finance, the Police and Fire Commission and all other officials of the city have been extended an invitation to attend and a large number will be present.

Mr. Wm. E. Perkins Dead.

Mr. Wm. C. Craft received a telegram yesterday afternoon from Mrs. Craft in Atlanta conveying to him the sad intelligence of the death of Mr. Wm. E. Perkins, which occurred there at noon yesterday. Mr. Perkins was married in this city several years ago, his wife being Miss Eva Corbett, sister of Mrs. Craft. The deceased was about 45 years old. Mr. Perkins is very pleasantly remembered here by a large number of friends, who will learn of his death with much regret.

AN EVENING WEDDING.

Miss Lila Carroll the Bride of Mr. W. F. King—A Pretty Event.

The marriage of Mr. William F. King and Miss Lila Carroll, a popular young couple of this city, was solemnized last evening at 6:15 o'clock at the parsonage of Grace Methodist church, Rev. T. A. Smoot, officiating. It was a quiet affair and only a few friends were present outside of the attendants, these being Mr. Clyde O. Clifton and Miss Mary Belle King; Mr. M. T. Hodges and Miss Sadie Denmark, who composed the bridal party.

The bride is the daughter of Mr. and Mrs. John N. Carroll, of Magnolia, and a very attractive and accomplished young lady with many admirers. She has been making her home in Wilmington, residing with Miss Mary Belle King, on North Fourth street, for some time. Mr. King is the popular manager of the store of Johnson & Company, in this city. The couple have a large number of friends who will be interested in the marriage. Following the ceremony the couple were extended the happiest congratulations and left on the 7:40 Coast Line train for Clinton, N. C., where they will visit the groom's parents, Mr. and Mrs. William R. King. They will return to the city after ten days and will be at home to friends at No. 510 North Fourth street.

Mr. Stephen Carroll, of Magnolia, a brother of the bride, attended the marriage.

Cases Before the Recorder.

The Recorder's court yesterday was of short duration. Frank Bullock, colored, found guilty of an assault, was fined $10 and costs. James Kelly, colored, convicted of stealing iron from the Atlantic Coast Line, was fined $25 and costs, in default of which he was sent to the roads for three months. The case against Henry Bell, colored, charged with breaking into the house of Sue Bell, colored, Saturday night, was continued until Friday and the defendant went to jail in default of $1,000 bond.

THE NEWS OF CAMP HARPER

First Battalion, North Carolina Boys' Brigade of America, Enjoying Outing at Southport—Breezy Comments.

(From Our War Correspodent.)

Camp Harper, Southport, N. C., July 6.—The Glorious Fifth has passed, leaving Camp Harper serene and undisturbed. The National salute from the guns of Fort Caswell, and the international salute from the cannon-crakers under Bornemann's tent, were the only noises indulged in down here. Doctor Nutt and Captain Dosher did make a noise like fishermen. They returned with an enormous trout and several smaller fish, but maintained a sphinx-like silence as to the amount paid therefor.

Mr. James D. Nutt, alias Doctor Nutt, is acting Hospital Steward. Being an ex-druggist himself, naturally he has a very tender feeling for the members of his profession and desires to see them prosper. In order to do his part, he has patronized the pharmacy down here to the extent of taking a little of everything kept in stock; excepting always and nevertheless, the plainwater.

Jobie reported yesterday that the supply of eggs was getting low, so our ball team went out and with the assistance kindly rendered by the Y. M. C. A. team of Southport, secured nine fine goose eggs to add to our quartermaster's department.

Lieutenant Fred Buns was officer of the day yesterday and in spite of the numerous calls for him on the garrison last night, manfully stuck to his post and remained in camp. Fred wanted to borrow Doc Nutt's hair brush to complete his own and Jack Terrier's toilet. Dock parted with the comb upon the condition that only Jack should use it.

Frank Brittain has returned to Wilmington, carrying with him lots of surplus energy, hazing materials galore and extreme usefulness. We miss Frank exceedingly but the paths of peace marked out by his retreating footsteps partly compensate us for his loss and the sleep secured since his departure has dried our tears. Henry Orrell does not answer roll call this year and his absence entails another great loss. Tidewater Power Company could not dispense with his services thus depriving us of one of our main 'characters."

Sounds of voices raised high in altercation float across garrison. Upon investigation we find that Colonel and Doc are umpiring a game between the Juniors and have disagreed. Each fines the other $1; fines paid; game resumed.

"Bird Eye" Willetts, late of Wilmington and the Brigade, now claiming to hail from "Crossways," Ga., came all the distance from Waycross to be with us in camp.

Dosher's advertisement, the shower bath, was not put up in vain. Yesterday one of the Southport boys made application for admittance to the pumping squad.

One of the attracticus this year is a dancing school conducted by Southport talent with tri-weekly sessions. The loss of Captain Dosher's religion has been several times narrowly averted by the appearance of members of the captain's Sunday School class. Tonight a Brigade dance is to be given in honor of visitors from South Carolina and Florida, who are attending a ten-day house party at the Caswell Life Saving Station.

On account of the heavy increase of mail at Southport, due to dozens of cards and letters sent from Camp Harper in response to the enchantment lent by distance, the camp letter heretofore dispatched, has been missent. We are sorry our friends have not heard from us through the Star, and sorry also that the mental effort required to get up that letter was expended in vain. If the letter turns up later showing no traces of mental effort, the editor is a friend of ours and will keep our secret.

A SUPPER AND SMOKER.

Cape Fear Harbor Will Entertain on Saturday Night.

An elaborate supper and smoker will be given Saturday night by Cape Fear Harbor No. 81, American Association of Masters, Mates and Pilots, in the banquet room of the Masonic Temple on the fourth floor, and the Harbor has invited to this enjoyable affair all members of the Marine Engineers' Association and others identified with the marine interests of the port.

Invitations will be issued today and it promises to be one of the most pleasing gatherings of the sehson. The committee on arrangements is composed of Messrs. J. S. Williams, F. M. Griffith and F. G. Dosher.

Schloss Theatre Circuit.

The opera house at Concord, N. C., has been added to the circuit of theatres operated by Mr. S. A. Schloss, of this city, the Board of Aldermen of that city having recommended a lease to him for a term of years on Monday. Mr. Schloss operates theatres in Wilmington, Charlotte, Raleigh, Danville, Asheville, Greensboro, Winston, Monroe, Goldsboro, Wilson, Tarboro and Gaffney, besides several others recently acquired.

At the Bijou Today.

"The Curfew Bell," a romantic drama, will be seen at the Bijou today. The picture tells the story of a pretty romance of Cromwell's time and involves a loyalist gentleman, his sweetheart, a gentle lady, and the curfew bell.

A Night Rider's Raid.

NAVIGATION AND PILOTAGE

Regular Monthly Meeting of Board of Commissioners Held Yesterday. Report of Soundings Committees—Other Matters.

The regular monthly meeting of the Board of Commissioners of Navigation and Pilotage was held yesterday with the following present, Vice Chairman H. W. Malloy, Commissioners J. W. Harper, M. C. Guthrie and Richard Dosher and Clerk L. Brown McKoy.

Minutes of meeting of June 2nd were read and approved.

The clerk reported that the several pilots, a renewal of whose branches had been temporarily withheld by the board, had complied fully with the requirements of the Commissioners, and that new branches had been issued by him to each of them.

Report of the Sounding Committee for the month of June, as per memorandum below, was read and ordered filed. The soundings were taken at high water, with a 4 1-2 foot rise of tide, the report being dated June 29, 1909. The figures are as follows:

From Sea buoy to buoy No. 1, 27 1-2 to 28.

From buoy No. 1 to buoy No. 3, 28 to 29.

From buoy No. 3 to bouy No. 2, 29 to 31.

From buoy No. 2 to buoy No. 4, 29 to 31.

From buoy No. 4, to buoy No. 4 1-2, 29 to 32 1-2.

The attention of the board was again drawn to the fact that the Government ranges and lights at and around the bar do not indicate the deepest water; but on the contrary, it was stated that a strict adherence to the present ranges would give a depth of only 14 to 15 feet in some places. The board was further informed that recently a Standard Oil barge went aground while endeavoring to cross the bar with the Government ranges on. The clerk was requested to take this matter up with the inspector of the Sixth Lighthouse District, to the end that the matter may be remedied with as little delay as possible.

The clerk reported that he had exchanged several letters with Senator Overman and Representative Godwin in reference to the delay of the Lighthouse Board in Washington in installing the improved lights and ranges on the Cape Fear river, and had urged them to insist upon the lights being placed at once. He reported further, however, that both Senator Overman and Representative Godwin found it impossible to secure the necessary appropriation for this work at present, the Lighthouse Board stating that no funds are now available for this purpose and that it will be necessary to ask Congress for a special appropriation to carry out the proposed changes.

The application of Pilot S. F. Craig, which was held over from last meeting, was acted upon by the Commissioners. The application was accompanied by the usual bond and necessary fee, but, it appearing to the Board that the applicant had not exercised his branch during the past two years, as required by law, a renewal of license was refused and the clerk was instructed to return to Pilot Craig his bond and fee.

Pilot William St. George appeared before the board in answer to a complaint that he had used the pilot boat "M. C. Guthrie" for towing a sharpie on Lockwood's Folly river on March 23, 1909. An investigation of the facts of the case indicated that no compensation had been made to Pilot St. George for the towing, and that he had in no way neglected his pilotage duties while making the tow, which he claims was merely a friendly act. After a lengthy discussion the board decided, for obvious reasons, to dismiss the complaint.

In the matter of the complaint of Pilot I. S. Davis, that on January 5, 1909, Pilots Julius Weeks, Ben Newton, C. B. St. George, Thomas St. George, Walker Newton and J. N. St. George, on board pilot boat "Velma Brooks" were cruising about 55 miles from the bar, the board decided, after an investigation of the case, that the evidence was not sufficient to show that on the date mentioned the "Velma Brooks" was cruising and seeking pilotage in violation of the regulations.

NEGRO BOY KILLED

Struck by Wilmington Train Below Florence—Call for Hounds.

Passengers who arrived on the early train this morning from Columbia brought news of the killing of a colored boy, Joshua Davis, 10 years-old, by the train a few miles below Florence early last night. The boy lived with his parents near the track and upon the approach of the train started to cross the road when he was called back by his aunt. The pilot of the engine struck him and he was thrown some distance in the air, being badly broken up. Engineer William Jackson and Captain W. H. Newell, Jr., were in charge of the train.

The train was still further delayed a Chadbourn last night, waiting for bloodhounds owned there but the keeper, Mr. Edmundson, was at Lumberton and the dogs could not be secured. It is understood that the hounds were wanted by the railroad company to take to Newbern near which place early last evening an unsuccessful attempt was made to wreck the passenger train bound from Wilmington to that place.

Federal Court July 20th.

Judge H. G. Connor will make his first appearance here as judge of the United States Circuit Court Thursday, July 29th, when Federal court will convene for a brief session. District Attorney Harry Skinner, who was here yesterday, stated that there would be no jury trials at this term, which will be mainly for the hearings of any motions the lawyers desire to make.

CUSTOM HOUSE PROPERTY

Government Attorneys Will File Condemnations Proceedings—Unable to Agree With Property Owners—Action.

Legal steps to acquire the property for the proposed Custom House through the United States District Court will be commenced immediately by United States District Attorney Harry Skinner, of Greenville, and his assistant, J. A. Giles, Esq., of Durham, who are here for the purpose of filing condemnation proceedings against the owners, the Government being unable to agree with them as to valuation.

The site extending from Princess to Market on Water street, and taking in the western half of the block with Wright's alley as the dividing line on the east, is owned by nine parties, and the only difficult question which will arise in connection with the legal proceedings will be obtaining title to the two alleys which run through the property. The owners are Messrs. D. O'Connor, T. C. Williams, of Darien, Ga., John Kuck, Boney & Harper, C. J. Mitchell, M. J. Heyer, Mrs. Russell, of Savannah, Ga., Mrs. Kate Curtis, and a lot of the R. E. Calder estate.

The question of values has been agitated between the Government and owners for some time past, and the former deciding that an agreement was improbable, directed the same to be condemned. The Government appropriation is $300,000 and an additional amount of $200,000 will be asked for at the next session of Congress, which, if granted, will enable the purchase of the proposed site and the erection of a commodious building.

Col. Harry Skinner, who is representing the Government as United States District Attorney in this matter, was in conference with Collector of Customs B. F. Keith yesterday, at the conclusion of which he made the following statement in regard to condemning the property:

"The Government cannot agree with the owners and has decided that the same be condemned. It seems to be a difficult question as to how the Government is going to obtain title to the alleys in the property, and it seems that the city is ready to grant its right of easement so far as it has the power, but the further question as to obtaining the right to the fee seems difficult to solve. When the city releases its easement then the owners of the fee are entitled to the possession of the alleys. But of course the Government in the exercise of eminent domain has the right to take private property as well as public property, but it is a little difficult to ascertain the necessary party defendants so as to divert both private and public interests in the alleys."

The property owners will be given 20 days' notice prior to the filing of the suits.

KILLED IN SOUTH CAROLINA.

Constable in Search of Contraband Liquor—Another Wounded.

(By Wire to the Morning Star.)

Charleston, S. C., July 7.—News has reached here that last night at Ravenel, Colleton county, John W. Messervey killed Constable C. Pinckney Fishburne and seriously wounded J. D. Altman. The constable was attempting to prevent Messervey from driving off with a keg of alleged contraband whiskey and had called Altman to his assistance. Messervey claims self defense. Altman is 81 years old, but has a wonderful constitution and may recover. He is now in a hospital here. It is reported that Fishburne, who is survived by a wife and several children, had no revolver.

The Italian Red Cross Society has presented to the American National Red Cross Society a beautiful gold medal and handsome diploma as tokens of appreciation of the great assistance rendered by the United States after the earthquake in Sicily and Calabria, Italy. These gifts have just been received by President Taft, president of the American Red Cross Society.

Ancient Derricks.

Probably the oldest derricks still in use are the two built at Trier, in Germany, in the year 1413 and the one built in 1554 at Andernach, also in Germany. All these three derricks are built on the same principle. In the middle of a massive A frame tower is located the swinging or main boom, 20 by 20 inches, whose iron pivot moves in a pan shaped bearing cup. On top are fastened the guy ropes and the cap, which is also movable. The derrick can be moved by crossbars fastened to the main boom. The load is chain lifted by tread wheels sixteen feet in diameter.

Wagner to the Musicians.

Wagner's little admonition to the musicians was most characteristic and worthy to be noted by many an orchestra of this day. "Gentlemen," he said, "I beg of you not to take my fortissimo too seriously. Where you see 'ff' make an 'fp' of it, and for piano play pianissimo. Remember how many of you there are down there against the one poor single human throat up here alone on the stage."—Neumann's "Personal Recollections."

Got Even.

"I'll never offer to be a sister to another man."

"Why not?"

"The last one under the guise of brotherly advice told me some very unpalatable truths."—Louisville Courier-Journal.

ASHEVILLE CONVENTIONS

(Continued From First Page.)

with the first race the hose wagon contests of the firemen's tournament took place on the Southside avenue course this afternoon. The crowds in the two grand stands and the thousands who lined the course were drenched to the skin despite the umbrellas which made it impossible for many to see the fast flying horses but most of them brayely took the rain and were rewarded by seeing what is said to be the world's record broken despite the unfavorable track conditions which were undoubtedly reflected in the many "blow outs" which shattered promising hopes. Result of races:

First, Capital of Raleigh 27:1-15 seconds; prize $150. 2nd, Newbern, 28 seconds; prize $75. 3rd, Statesville, 30 3-5 second; prize $50; Durham, 32 seconds; Caswell of Kinston, 0; Concord, 0; Newbern, 0; Raleigh, Rescue, 0; Asheville No. 2, 0; High Point, 0; Asheville No. 1, 0; Hickory, 0; Salisbury, 0.

The programme for tomorrow calls for hand reel and grab reel races at 2:30 in the afternoon. These races are not much less exciting than the wagon contests. In the hand reel race 16 men and a foreman are allowed. The reel must carry not less than 148 feet of standard hose coupled, run 150 yards and unreel 98 feet of hose, couple and show water beyond the hydrant.

The Eye on the Red Flag.

There are many odd bits of bunting unfolded to the breeze in New York harbor, but the oddest of all perhaps is the ensign that flutters from the staff of a little craft that rounds the Battery sea wall promptly at noon every day and then disappears up the North river. It is a triangular flag with a flaming red background, from which stands out in bold relief a great cyclopean eye. Inside the pilothouse is a man in blue coat and brass buttons, who views the water front and passing craft through a long telescope. This is the supervisor of the harbor. His duties are to see that the regulations are observed in the East river, the upper bay and the Hudson river, that the channels are kept free of obstructions and that the city's docks and ferries are being looked after as they should be. As soon as he steps on board his vessel the unique ensign is raised. It signifies to all nautical folk: "I've got my eye on you. Watch out!"—New York Sun.

"No one," gravely announced Socrates, "can arrest the flight of time."

"No?" queryingly interrupted a bystander. "I thought anybody could stop a minute." And even the disciples of the great philosopher were forced to smile behind their togas.—

Curly Hair Means Obstinacy.

The curly headed man uttered an exclamation of maze.

"Strange," he said, "I have been drawn for juries time and again, but I have never served. They always challenge me. I wonder why?"

"It is your curly hair," said a lawyer. "A curly headed man kills a jury. He always causes it to disagree."

"That is not true. You must be crazy," said the other.

"It is the gospel truth," the lawyer persisted. "Curly heads are as obstinate as mules. They think they know it all. They disagree with everybody.

"It is because," he hastened to add, "their curly hair makes them so good looking. In childhood they are spoiled by their parents, and in maturity women spoil them, falling in love with them on every side. So they become conceited. They disagree with everybody. Lawyers the world over recognize that as jurymen they would never do."—New Orleans Times-Democrat.

Had an Answer.

This story is being told on a Swede in central Kansas who was given to excessive use of the bottle. He was working at a certain house, doing odd jobs, and the daughter of the house knew of his reprehensible habits. She thought it time for some one to remonstrate with him on the error of his ways.

"Why," she asked, "are you not ashamed to spend all your wages and make your wife take in washing? Why don't you give her some money?"

"Well," he answered, "I have an income besides my wages."

"Oh, is that so?" said the daughter, somewhat mollified.

"Yes," he said, "I have an income from the queen of Sweden."

"What for?" asked the girl.

"For minding my own business," answered the Swede, going on with his work.—Kansas City Journal.

The Troubles of a French Academician.

The candidate, once elected, is bound to pronounce a harangue before he is allowed to take part in the work of the noble body. The director who happens to be in office answers him. This oration is invariably, or at least should be, composed first of thanks, more or less humble, for the great honor conferred, then of a panegyric of the happy one's predecessor. And, oh, how difficult that sometimes must be! More than one has rushed to the encyclopedia, then to the libraries, so as to get some clear notion of the illustrious eximmortal! Then fate is often ironical. A historian may have to celebrate the talent of a writer of light comedies, a legitimist may have to praise a Socialist, or else the newly elected member may have to speak of his most intimate enemy.—Jeanne Mairet in Atlantic.

—Wilson, N. C., July 6.—A few days ago in Black Creek, Armond Fields and his wife—two negroes of unsavory character mixed Rough on Rats in meal dough and placed the deadly preparation in the yard of one of their neighbors, which resulted in the untimely taking away of fifteen chickens and several geese. Several of the doctored chickens got in the well. A negro by the name of Hardy Dew got wise to the fact that the Fields negroes were up to something wrong and watched their every movement. He saw the man bury the package that had contained the poison. He notified the people whose well the chickens had fallen into, and thus, perhaps, saved the loss of human life. Then to Constable John D. Mercer he told where Fields had buried the poison. The constable arrested Fields and his fife and then went delving for the evidence o fthe buried package and found what he was looking for. They had a hearing before the mayor of Black Creek who held them in justified bonds of one hundred dollars each for their appearance at the September term of Wilson Superior Court. The man, on another charge, was sentenced to the roads for carrying a concealed weapon.

Keep The Kidneys Well.

Health is Worth Saving, and Some Wilmington People Know How to Save It.

Many Wilmington people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is a Wilmington citizen's recommendation.

Mrs. L. F. Rivenbark, 517 S. Third St., Wilmington, N. C., says: "Dull, nagging backaches and severe pains in my kidneys caused me considerable amount of suffering. I could not rest well and in the morning when arising felt tired and languid and with no strength or ambition. The kidney secretions were unnatural and deposited a sediment from which symptoms I decided that my kidneys were out of order. When I read of Doan's Kidney Pills, I procured a box from Robert R. Bellamy's drug store and they gave me relief almost immediately. Since then the backache has never bothered me and my kidneys have been normal."

SPIRITS TURPENTINE

—Newbern Journal: The Craven county Board of Education met on Monday, the most important business transacted being the contract let for a $5,000 school building of brick at Dover.

—Winston-Salem, July 6.—Twelve young ladies, composing a Sunday school class at Mount Olivet Davidson county, has decided to support a native missionary in one of the foreign fields.

—Selma, July 6.—The Methodists of Selma have begun the construction of a handsome red pressed brick church on the site of the old building. The church will cost upwards of $15,000 and will be one of the handsomest in this section.

—Charlotte, July 5.—It developed in the Recorder's court there this morning in the case against Munzie Abernethy for the theft of a box of cocaine from Sam Moseley that the negro from whom the box was stolen, was getting the drug from Charlotte drug stores on old prescriptions.

—Lumberton Robesonian: William Berry Hunt, a Croatan who lives in Back Swamp township, brought a ham to town last week that was too heavy to sell. It weighed 48 pounds and came from a hog that weighed 532 pounds and from which 125 pounds of lard were obtained.

—Thomasville, July 6.—Saturday the Cramer Furniture Company shipped 51 crates of sample chairs by express to Chicago to be placed on exhibit at the furniture exposition. This shipment is said to be the finest lot of samples ever sent out from this factory, which is the largest in the South.

—Newbern Journal, July 6.—Captain Noah Lee of Arapahoe, who sells more sweet potatoes here than any other man, says that the crop of tubers will be abundant this year and that he will begin shipping them next week. The variety suited to the local demand will be ready to market in about two weeks.

—Newbern Journal, July 7.—The McIntosh estate in Onslow county, one of the finest farms in Eastern Carolina, and brought into a great deal of prominence some months ago by the failure and death of the owner, Thos. McIntyre, who was a Wall street operator was sold by order of the Court Monday for the sum of $30,000 to Charles M. Warner of New York.

—Winston-Salem, N. C., July 6.—An interurban trolley line between Winston-Salem and Salisbury is now being promoted by T. H. Vanderford and associates, of Salisbury, and one of their representatives in addressing a number of Davidson county farmers stated that with rights of way cleared up the enterprise would be assured. Talk of building an interurban line from here to High Point is also being revived.

—Boone Democrat: The light apple crop in Watauga county is being literally devoured in some sections by myriads of yellow bugs (rose bugs) while the foliage on the trees, some of them, is dying from the ravages of small lice, with which it is literally covered. The trees cannot be protected from the fearful onslaughts of the insect kingdom. Fruit culture in the mountains will soon be a thing of the past.

—Corncord Times: Mr. S. S. Johnson, one of the leading citizens and farmers of No. 2 township, raised this year $200 worth of strawberries on three-fourths of an acre of land. Mr. Johnson sold $150 on this market, and gave away and used at home about $50 worth. He tells us that the work of producing strawberries is much less than that of almost any other crop. He raised and gathered the berries without any hired help, as he has found that only intelligent labor can be used with profit in the cultivation of strawberries.

—North Wilkesboro, N. C., July 6.—Quite a sensation has occurred in town yesterday and today. For a few weeks there has been an unusual amount of liquor sold here and a detective was gotten to work up the cases. As a result there has been about twenty arrests made, including some prominent citizens. There is noticeable excitement and tension and the cases will be heard before Mayor Jenkins tomorrow at the opera house. The mayor is determined to kill the blind tiger business and is well supported.

—Rocky Mount, N. C., July 6.—By the morning a number of the train masters over the first division of the Atlantic Coast Line passed through this city en route to Norfolk where they are to hold a meeting this afternoon, for the discussion of the train rules of the company. The meeting is called by Mr. W. B. Darrow, of this city, who is the superintendent of transportation for this division of the road, and he left by the morning train to atend the meeting. These meetings of train masers are not customary with all the railroads, but the Atlantic Coast Line and this division has found them to be beneficial to the work and they are held several times every year at different places over the road. The meetings are only for a day or a half a day's session and the many items that come up to puzzle the brain of the different trainmasters are brought up and discussed.

Life 100,000 Years Ago.

Scientists has found in a cave in Switzerland bones of men, who lived 100,000 years ago, when life was in constant danger from wild beasts. Today the danger, as shown by A. W. Brown, of Alexander, Me., is largely from deadly disease. "If it had not been for Dr. King's New Discovery, which cured me, I could not have lived," he writes, "suffering as I did from a severe lung trouble and stubborn cough." To cure Sore Lungs, Colds, obstinate Coughs, and prevent Pneumonia, its the best medicine on earth. 50c and $1.00. Guaranteed by R. R. Bellamy. Trial bottle free.

S.S.S. PURIFIES BAD BLOOD

Bad blood is responsible for most of our ailments, and when from any cause it becomes infected with impurities, humors or poisons, trouble in some form is sure to follow. Muddy, sallow complexions, eruptions, pimples, etc., show that the blood is infected with unhealthy humors which have changed it from a pure, fresh stream to a sour, acrid fluid, which forces out its impurities through the pores and glands of the skin. A very common evidence of bad blood is sores and ulcers, which break out on the flesh, often from a very insignificant bruise, or even scratch or abrasion. If the blood was healthy the place would heal at once; but being infected with impurities which are discharged into the wound, irritation and inflammation are set up, the fibres and tissues are broken, and the sore continues until the blood is purified of the cause. S. S. S. is Nature's blood-purifier and tonic, made entirely from roots, herbs and barks. It goes down into the circulation and removes every particle of impurity, humor or poison, restores lost vitality, and steadily tones up the entire system. S. S. S. neutralizes any excess of acid in the blood, making it pure, fresh and healthy, and permanently cures Eczema, Acne, Tetter, Salt Rheum, Boils, and all other skin eruption or disease. Book on the blood and any medical advice free.

BUCKET-SHOP VIOLATORS.

Granted Continuance of Trials—Manager for Price a Suicide.

(By Wire to the Morning Star.)

Norfolk, Va., July 7.—H. E. Boykin and R. D. Daugherty, of Boykin & Co., indicted yesterday with Julian Price, of Greensboro, N. C., an alleged third partner, and Price & Co., incorporated, of Baltimore, for alleged violation of the Virginia anti-bucket shop laws, today secured a continuance of their trials until July 14.—Both were rebailed and at once reopened their offices.

Commonwealth's Attorney Tilton dramatically threatened to raid Boykin & Co., if they attempted to resume business. Counsel for the defense gave notice of an injunction application and threatened the commonwealth's attorney with contempt proceedings if he directed a raid in face of this notification. Mr. Tilton said he would do nothing pending the injunction application.

Charlottesville, Va., July 7.—Arthur White, manager of the Charlottesville branch of Price & Co., Baltimore stock brokers, committed suicide today by shooting. Ill health and business troubles are believed to have been the cause.

Baltimore, July 7.—William B. Price, of Price & Co., incorporated, brokers of this city, when shown the Charlottesville despatch about the suicide of Arthur White, denied that White was ever employed as a manager by his company. Mr. Price repeated his assertions of yesterday made in connection with the indictment of Price & Co., at Norfolk, for alleged violation of the anti-bucket shop law of Virginia, that his firm had no branches or agents anywhere outside of Baltimore. Mr. White had at one time acted as a correspondent, Mr. Price added, but said he did not know the man personally and could give no reason for his act of self destruction.

TOBACCO ASSOCIATION MEET.

Wilson Man One of the Vice Presidents—Oppose Tax Increase.

(By Wire to the Morning Star.)

Newport News, Va., July 7.—The annual convention of the Tobacco Association of the United States came to a close this evening with a steamer trip across Chesapeake Bay to the Virginia capes. Next year the Association will meet on board one of the Old Dominion liners on a trip from Hampton Roads to New York to be made early in July.

Officers were elected today as follows: President, T. T. Carrington, Richmond, Va.; vice presidents, W. L. Petty, Lexington, Ky.; T. E. Roberts, Chase City, Va.; R. P. Watson, Wilson, N. C. The president was instructed to appoint a committee of five with authority to go to Washington and appear before the Senate Committee on Finance to protest against the proposed increase in the tax on tobacco.

Following a long established custom in respect to its employes, the Senate at Washington yesterday voted six months salary to the widow of its late chaplain, Dr. Edward Everett Hale.

LAST GAME A DRAW

(Continued From First Page.)

The work of Otis in the box for Goldsboro was especially fine. He struck out fifteen men in the first game. Score:

Golds.	000 000 000 000 001	1	3 3
Ral.	000 000 000 000 000	0	3 2

Batteries: Otis and Fulton; Booles and Rowe.

Second Game:

Goldsboro	000 000 0	0	1 0
Raleigh	000 011 0	2	7 0

Batteries: Sherman and Fulton; Fullenwider and Erwin; umpire, Smith; attendance 1,000.

The second game was protested by Goldsboro on the ground it was not called two hours before sun down.

TATTLE.

Even Stephen!

Three goose-egg games in one day is not bad.

We want a crowd at League Park today and those Tobacconists will have to smoke up if they expect to put a quietus on us.

Our apologies to Catcher Bert Kite. He is leading Wilmington in individual club fielding instead of Nichols as erroneously stated yesterday.

Ashton heaved magnificent ball, allowing only two safeties and 'tis a pity circumstances were again against the doughty lad copping his game.

Rather than stop games to catch trains where the result is unsatisfactory to both teams, as was the case on account of yesterday's tie, better start the play still earlier.

They say Highlander Schumaker made a remarkable Hop-Scotch leap after Sharp's foul in the fourth and although his strenuosity necessitated a reversed cart wheel over the fence he swung to the pellet like 'twas a costly antique and retired Sharple.

The saddest news we've heard in some time is the sacrifice of McLaughlin. His Dadlets could give pointers to any umpire that ever worked out in Eastern Carolina, and was about the quintescence of fairness; but for some unexplainable reason, Wilson seems to have seen fit to have him tincanned. Good Luck, Dad, Old Boy!

So one of the League Directors (from Wilson—certainly!) has rendered an opinion, which has been scattered broadcast, that the exhibition games of last Monday will have to be counted as regulars! Of course, Wilson chanced to win the exhibition affair with Rocky Mount—otherwise they'd never have business themselves up there trying to work a stickler racket of this kind.

BRISTOL ELECTION DAY

Liquor People Making Strong Effort Win—Prohibitionists Active.

(By Wire to the Morning Star.)

Bristol, Va., July 7.—Tremendous interest is being manifested throughout the South in the local option election to be held here tomorrow. The liquor people are making a strong effort to get a foothold here, to supply the adjoining prohibition States. It is believed they could do a business of $5,000,000 a year from Bristol by shipping into Tennessee, Georgia, Alabama, Missouri and North Carolina.

The temperance forces closed their campaign tonight with a monster mass meeting. Bristol voted dry two years ago by a majority of 207 and the temperance leaders claim they will have as large a majority this time. The "wets" are claiming victory, but are naming no figures. Betting is lively at even odds. Dozens of speakers have been brought here to speak against the saloons. The women will march and parade tomorrow and will also serve lunches and pray and sing at the polls.

The anti-prohibitionists today flooded the city with literature attacking prohibition and ridiculing the "dry" leaders.

BIG LUMBER DEAL.

Whole Town and Timber Interests Sold to Maryland Man.

(By Wire to the Morning Star.)

Elkins, W. Va., July 7.—The largest lumber deal ever made in West Virginia was consummated today when Jenningstown, a lumber town, 60 miles south of here, with its 200 houses, hotel, lumber mills, 18 miles of railroad, together with 22,000,000 feet of spruce and hemlock lumber was sold to E. W. Mealey, of Hagerstown, Md., and J. E. and E. M. Allen, of Harford county, Md., for the sum of $1,500,000. WIRES.

George Knerzer, of Louidi, Wis., yesterday killed his wife by crushing her skull with the butt end of a shot gun. He then committed suicide by drowning in a shallow pool. He is believed to have been insane.

Ernest W. Spickhardt, of New York, died yesterday in a London (Eng.) hotel of an overdose of drug taken to induce sleep. He was the divorced husband of the step-daughter of the late Robert Roosevelt, uncle of Theodore Roosevelt. The coroner's verdict was "death by misadventure."

ROOSEVELT'S HUNTING PARTY

Ex-President Killed Maned Lion in Full Charge Upon Him.

(By Wire to the Morning Star.)

Naivashi, British East Africa, July 7.—The Roosevelt expeditions in enjoining good hunting, and all the members of the party are well.

Mr. Roosevelt has killed a splendidly maned lion, one lioness and four rhinoceroses. He brought down the lion while the beast was in full charge. Kermit Roosevelt has secured one big bull eland, one lioness and two rhinoceroses.

At Washington, yesterday the American Federation of Labor pledged its hearty co-operation to the Amalgamated Association of Iron, Steel and Tin Workers, whose members are on strike in the plants of the American Sheet and Tin Plate Company, a subsidiary of the United States Steel Corporation.

WILL VOTE ON TARIFF

(Continued From First Page.)

will be represented in the conference on the tariff bill by eight members, five Republicans and three Democrats, all of whom will be selected according to seniority of the membership on the Committee on Finance.

This rule will make Senators Aldrich, Burrows, Penrose, Hale and Cullom, the Republicans, and Daniel, Money and Bailey, the Democratic members.

Speaker Cannon has given no indication of his choice of representatives of the House in the conference. It is generally believed, however, that he will select Messrs. Payne, of New York, Dalzell, of Pennsylvania, McCall, of Massachusetts; Hill, of Connecticut, and Boutell, of Illinois, Republicans, and Clark, of Missouri; Underwood, of Alabama, and Griggs, of Georgia, Democrats.

THREE ARE CONVICTED.

Belcher Guilty of Murder and Palmers of Manslaughter.

(By Wire to the Morning Star.)

Walhalla, S. C., July 7.—At 11:15 tonight the jury in the Palmer-Belcher murder trial brought in a verdict finding Bob Belcher guilty of murder with recommendation to mercy and Lou Belcher, J. E. Palmer and Charley Palmer, guilty of manslaughter with recommendation to mercy for the killing of W. B. F. Corbin and Chris. Corbin, United States Deputy Marshals on the night of March 8 last, while the Corbins were trying to make an arrest. The case was given to the jury at 6:30 this evening. Bob Belcher on Monday admitted firing the fatal shots.
